### **Our Model**

We are building canopies of united, strategic, sustainable prayer in every state of America through local churches.

**Canopy:** A covering of 24/7 prayer over our communities, states, and nation.

**United:** Churches praying together across denominational, racial and generational lines.

- Partnering together with Jesus in praying for the fulfillment of John 17
- Releases God's commanded blessing in our communities, Psalm 133
- Fosters Evangelism and Discipleship, "they will know us by our love for one another" (John 13:34-35; 17:21,23)
- Helps create a culture of honor (outdo one another with honor, Romans 12)

**Strategic:** Mobilizes thousands of churches to pray according to God's will for transformation in our communities, states and nation.

- Provides protection from the evil one
- Releases God's power into every sphere of society
- Creates an atmosphere of God's abiding presence in our local communities
- Day and Night prayer releases God's justice in our communities (Luke 18:1-8)

**Sustainable:** Local Churches committed to prayer one day once a month is sustainable.

- Each church is encouraged to pray according to their churches prayer culture
- Provides a simple communication system of specific prayer points and answered prayer reports
- People in local churches can pray in convenient locations and times that fit schedules, etc.
